Unless your UI discoverability is really good, saying “the feature isn’t documented” is the same as saying “the product can’t do it.”

— Nick Coghlan

In other words,

Live and die by documentation.

— Matthew Ginnard

# What

00000,0000000000000000  
0000000,0000000000000000  
000000000(000)0000000000,0coding00000  
00000000000,0000000000000000000  
000000000000,0000000000000,000000000000

# Why

為什麼要,wordapi  
word

為什麼要,:

- git
- confluence

	git	confluence
pros	<div> <div></div> <div></div> <div></div> <div></div> <div>buff</div> </div>	<div> open </div>
cons	<div> open </div>	<div> <div></div> <div></div> <div></div> <div>()</div> <div>(,)</div> </div>

,,git,confluence

# Why this

AsciiDoc, markdown feature

- html
- git
- word, pdf...etc
- 

markdown, markdown

- Api (, Api)
- markdown, pdf,

AsciiDoc, feature, markdown, include

# How

See [AsciiDoc Writer's Guide](#)

# Demo

See [Payment Api Document](#)
